Ref:15296-G dated 24-2-49.

Sir,

Sub:Establishment-Government Headquarters Hospital Bellary-Post of part-time barber-conversion into a full-time one-Requested.

15581

There is at present a part-time barber attached to the Government Headquarters Hospital, Bellary. He is expected to work only for 8 days in a month on a pay of s.10/- per mensem without any allowances. Since the daily average inpatient attendance in the Hospital has increased to 150, the number of operations performed has proportinately increased. In consequence of this, the services of the barber are required throughout the month. Further the barber is reported to have expressed his unwillingness to work on s.10 per mensem and his readiness to stop away from attending to his work.

Hence it is recommended that the Government may be please to convert the post of part-time barber in the Government Headquarters Hospital, Bellary into a full-time barber on the scale of pay and allowances sanctioned in G.O.No.576 P.H. dated 25-2-48.

Yours faithfully,

G.C.S.Naidu

Ref: Your letter No. P. 95/G/49 dated 29th March 49, communicating copy of the G.O. No. Ms. No. 976 P.H. dated 22-3-49.

In the above G.O. the Government have sanctioned the employment of a full time barber with the effect from the date of the G.O. (i.e. 22nd March 1949). The pay of the barber was drawn as per the scale prescribed in G.O. No. 576 P.H. dated 25th Feb. 48 from 1st Jan. 48. When the Accountant-General, Madras, objected to the drawal of the pay at the revised rate; the pay of the barber was restricted to Rs. 10/- (i.e. from December 1948) and a reference was made to the Surgeon-General, Madras, for obtaining Government sanction. The barber was made to work on the full-time basis, on the assurances that balance of amount would be drawn and paid to him after obtaining the sanction; since there was enough work for him and my efforts to secure any other person for Rs. 10/- was a failure.

The barber was found to be suffering from T.B. and was admitted as an in-patient in this hospital from 2-2-49. There is no prospect of his recovery and any sum due from him may not be possible to be recovered. I have already stated that the services of the barber were utilized for the whole time since January 1948 and in as much as the Government have now sanctioned the appointment of a full time barber from 22nd March 1949, I request the Surgeon-General to be good enough as address the Government to give effect to the G.O. from 1st January 1948.
